

# CESO in Saskatchewan

## STRENGTHENING **SKILLS** & BUILDING **NETWORKS**

CESO works with Indigenous businesses and communities to build capacity and foster economic growth. For over 50 years, we have been matching highly skilled experts with entrepreneurs, communities and businesses to share their knowledge and expertise in a collaborative, advisory and coaching framework.

For over 50 years we have worked with Indigenous communities and businesses in Saskatchewan. Our focus is to build local capacity and connect clients to business networks. CESO Advisors support clients to enhance their market readiness and business growth.

Since 2015, CESO has completed **15 assignments** in Saskatchewan, providing clients with advisory support, training and mentorship in the following areas:

- Business Planning and Development
- Strategic Planning
- Construction Management
- Marketing and Communications
- Asset Mapping
- Workshop Facilitation
- Board and Governance Training
- Administrative Systems and Processes
